

NATIONAL DIVERSITY COUNCIL

Hispanics • Latinos • Latinas in the U.S.

Facts and Figures

The terms “Hispanic” and “Latino” are pan-ethnic terms meant to describe – and summarize – the population of people living in the U.S. of that ethnic background.

Population

62.1 million

The Hispanic, Latino, and Latina population in the United States in 2020, constitutes 18.7% of the US population.

Source: U.S. Census Bureau 2020

111.2 million

The projected Hispanic, Latino, and Latina population in 2060, when they would constitute 27.5% of the nation's total population.
